## Ban Bicycles From Campus?

By JOANNE OSMAN

A joint meeting of Student Council and faculty representatives voted yesterday to prohibit bicycle riding on campus at the same time they approved the suggestion of relocating all bicycle racks between the curb and sidewalk of the streets bounding the campus.

The Campus Safety Committee together with its faculty counterpart approved tentative plans presented by Ron Earl, junior male representative, in an effort to eliminate the hazard of bicycle accidents on campus.

Business Manager E. S. Thompson, John Amos, superintendent of buildings and grounds and safety committee chairman Dr. Ralph Bohn approved the student plan and will work with Earl in preparing a written recommendation.

Bicycle parking rules will be submitted to the Student Council next Wednesday. After approval, the council will recommend its action to Pres. John T. Wahlquist.

Dr. Bohn pointed out that the San Jose Municipal Code prohibits the operation of bicycles on public sidewalks. Campus walks are considered public.

Earl cited the fact that many accidents have occurred in the past months due to bicycle riding on campus. Dr. Bohn also emphasized this fact, stating that the Health Center has treated an increasing number of bicycle accidents this year.

In yesterday's council meeting, three new committee chairmen were interviewed and appointed. Carol Sandell will serve as Rally Committee chairman for next year, Bob Wright was selected to head the Homecoming Committee, and Dean LeGras was appointed community service chairman.

## Educators To Convene On Campus

The State Board of Education convenes here today in President Wahlquist's Council Chambers at 10 a.m. for a two-day meeting.

Today they will be officially welcomed to the campus, have a joint meeting with the Curriculum Commission, and consider agenda items, including textbook selection. After luncheon in the Cafeteria they will again consider agenda items.

Tomorrow the Board will consider requests from several State colleges to develop curricula areas.

Also on the Board's agenda for Friday is state college participation in the Tripartite Engineering Committee, the opinion of the Attorney General regarding college fraternities, and other matters relating to state colleges.

## Bonds Approved

Santa Clara County voters Tuesday approved five bond issues totaling \$18,498,000 in civic improvements, UPI reported.

The bond costs will be paid for by sales tax revenue instead of by increasing property tax rates.

The bonds will implement plans for the building of civic center facilities in San Jose, new court houses, regional parks, health and welfare buildings, and a new jail near Milpitas. All five bond issues received more than the required two-thirds majority for approval.

## JET SERVICE TO COME

SAN FRANCISCO (UPI) — Trans World Airlines will begin non-stop jet service between San Francisco and New York March 20. A TWA spokesman said Friday that Boeing 707 airliners with space for 111 passengers will cross the nation in 4½ hours east bound and 5½ hours west bound.

## Make Way for Dorms

Workmen are in the final phases of leveling the block bordered by Seventh, San Carlos, Eighth and San Salvador streets. Construction on the site is expected to get under way within two weeks. A block away—between Ninth and Tenth streets—houses are coming down to make way for another three dorms.

## John Park Leads In Gams Contest

John Park, sponsored by Delta Sigma Phi fraternity, has taken a first-day lead in voting in the Gorgeous Gams contest. Voting began yesterday in Outer Quad. The booth will be open today and tomorrow from 10 a.m. until 2:30 p.m., according to Skip Fisk, Sophomore Class president.

Nineteen candidates are in the contest. One of them, a boxer dog named Hansel, has amassed 28 cents in votes.

Nancy Jahn, sophomore class member who was in charge of the booth yesterday afternoon, said that the contest was "well on its way." She commented that most students were very curious about the pictures displayed over the booth.

The contest will determine the "most gorgeous" male legs at SJS.

Other candidates and their sponsors include: Gordy Laughlin, Kappa Delta; Denny Cuyler, Alpha Phi; Walt Dolliver, Marimur Hall; Bruce Waldie, Alpha Chi Omega; Dave Wessell, Sigma Nu; John Sherman, Kappa Kappa Gamma; Hansel, Theta Chi; Jim Baker, Phi Mu; Les Olson, Sigma Chi.

Sid Thompson, Sigma Kappa; John Savage, Lambda Chi Alpha; Jack Rhodes, Halls of Ivy; Bill Scarbrough, Kappa Alpha Theta; Fred Walston, Alpha Omicron Pi; Chet Roberts, Theta Xi; John M. Carhart, Delta Zeta; Don Seaton, Phi, Sigma Kappa and Bob Mathis, Chi Omega.

## Literary Contest Now in Progress

Prizes totaling \$700 will be awarded in the annual Phelan Literary Contest now in progress.

A \$60 or \$70 first prize in each of the six contest divisions seems probable, according to Dr. Harold Miller, head of the English Department. Proportional increases in the other prizes also will be made.

The contest, open to all SJS students under 30 years of age, closes April 13. Entries must be submitted to the English Office, HE26, before that date, said Dr. Miller.

Essays, short stories, sonnets, lyric poetry, free verse and plays may be entered, Dr. Miller indicated.

Manuscripts must be typewritten, and a carbon copy submitted of each. Reed magazine publication releases will be available to entrants.

Complete rules for the contest, which was established from the estate of the late Sen. James Phelan, may be obtained from the English Office.

## 'Eviction Notice' Says . . .

## Pay in 3 Days Or Move Out

By JIM ADAMS

Sigma Phi Epsilon social fraternity yesterday afternoon was "served" with an "eviction notice" demanding they pay \$3600 in rent by Saturday or move out.

The demand was served by Leonard G. Marks, Jr., who says he owns the fraternity premises at 70 S. 14th St.—as the latest move in a legal hassle between Marks and the fraternity that began in September.

"(The notice) is just a piece of paper," fraternity officials said.

"It will be enforced by the sheriff's office," Marks said.

The paper, prepared by Marks and bearing no official markings, stated:

"This notice is intended as a three day notice to pay rent according to the terms of the oral agreement or to vacate the premises," Marks said yesterday. "The fraternity owed him \$3600 in back rent."

The Santa Clara County Sheriff's Office said eviction notices that do not go through official channels are between the landlord and tenant and are not recognized by the county.

Yesterday morning, Superior Court Judge John D. Foley denied a motion by Marks that a suit filed against him by the fraternity be dismissed on grounds that the action had no merit.

The suit, filed by the fraternity Sept. 18, 1958, charged that Marks had put the fraternity premises under his own name after it was agreed that he would be negotiator for purchasing the property. The suit demanded that recorded ownership be returned to Sigma Phi Epsilon.

Marks, in an answer filed at Superior Court, asserted that he legally acquired the property after the owner declined to negotiate with the fraternity. Marks said the fraternity agreed to pay rent.

## Letters Out On Election

Letters will be sent out soon to all large living groups explaining associated student body election procedures, Student Court Chief Justice Dick Christiana announced yesterday.

The letters will include a list of all positions available, the duties and qualifications of each office and a sample application form.

Applications will be available on March 30, the first day of school after spring vacation. Students may apply for one week only until April 7.

Campaign rallies may be held after April 13, Christiana said, and election petitions will come out on the same day. Class offices require 50 signatures on a petition and ASB offices require 100. Petitions must be in by April 21.

Posters will be put up on April 27, and the student body elections will be held April 30 and May 1. These dates were set up at this week's Student Court meeting, Christiana stated that they may be changed at a later date if conflicts arise.

"The important thing," Christiana said, "is for students who are interested in running for an office to check on the positions open and to plan their campaigns."

## UPI ROUNDUP

## Big Ground Force Not Necessary—Ike

WASHINGTON (UPI) — President Eisenhower said yesterday in an emotion-charged voice that if Congress forced him to accept additional military ground forces he would put them somewhere nice and keep them out of the way.

The President said flatly that the United States could not win an all-out war in Europe with ground forces and he would resort to other means—presumably including nuclear weapons—should hostilities occur.

Eisenhower told his news conference he doesn't believe that the Russians will be so foolish as to start a war over Berlin. But should a conflict occur, he said he wouldn't dream of trying to win it with ground forces.

## NASSER DENOUNCES IRAQ

DAMASCUS, Syria (UPI) — UAR President Gamal Abdel Nasser yesterday accused Iraqi Premier Abdul Karim Kassem of working with international communism to sabotage Arab unity.

His bitter denunciation of the Kassem regime followed mammoth demonstrations yesterday in Baghdad in which thousands of youths surged through the streets shouting anti-Nasser demonstrations.

The Baghdad newspaper Ittihad Al Shaab, a Communist organ, reported the firing in revolt-torn northern Iraq lasted until 7 p.m. Tuesday. Baghdad Radio had reported the fighting ended early Tuesday.

## Ski Club Members To Take Tahoe Trip; Space Is Available

Both novice and expert skiers will head for Lake Tahoe this weekend on the third SJS Ski Club trip.

Scheduled tomorrow through Sunday at Tahoe Valley Lodge, the trip costs \$18.50 for club members and \$20.50 for non-members. Dick Montgomery, Ski Club president, reported that seats on the bus are still available. Signups may be made in the Student Affairs Business Office, TH16.

Transportation, three meals, lodging for two nights and ski lessons are included in the trip. Ski equipment may be rented at the lodge.

Buses will leave the Student Union tomorrow at 6 p.m. Time for return is set at 10 p.m. Sunday.

Downhill slalom races have been planned for members. Club trophies will be awarded winners.

## SENATE EXTENDS DRAFT

WASHINGTON (UPI) — The Senate yesterday overwhelmingly approved a four-year extension of the draft law after rejecting a move to limit it to two years.

## West Point Cadets Here For Discussion Tonight

Three United States Military Academy cadets will arrive on campus this afternoon to prepare for a panel discussion and debate tonight at 8 in Morris Dailey Auditorium.

The subject will be "How Can the United States Meet the Soviet Challenge in Education?" David Elliott, instructor in speech, will be moderator, and the SJS representatives, selected at tryouts last Thursday, are William M. Resch, graduate psychology student, and Frank J. Kearful, junior English major.

The three Cadets making California trip are Haymon H. Boggs II, of Glenville, W. Va.; Robert J. Ranalli, of Solvay, N.Y.; and Geoffrey C. Davis Jr. of Sacramento.

They left West Point for the West Coast March 6, and have been meeting with California college forums and debate teams, including Stanford and California. The SJS team is their last encounter.

The cadets will be greeted by representatives of Scabbard and Blade, upper division military society.

Jim Thomas, Jack Pattlock, Jim

Lundbeck and Capt. William Jensen, adviser, will give the cadets a military welcome in the Men's Gym parking lot.

Stanley Stevens, president of Gavel and Rostrum, also greeted the West Pointers as they arrived. Gavel and Rostrum is sponsoring the event.

Resch, a 28-year-old married student, debated the Cambridge University team at SJS last spring. His thesis for this event will be "The How, and Not the Why of the Problem."

Kearful, a transfer student from Georgetown University in Washington, which he attended on a debating scholarship, was president of the senate at National Student Congress in 1956.

His thesis will be "The key to meeting this challenge lies in a healthy introspection, rather than hysterical fear of recent Russian accomplishments."

Sponsors of the discussion-debate, Gavel and Rostrum, plan to present more public speaking events of this type, according to Pres. Stevens. The club was officially recognized as a campus organization two weeks ago.

## Ten Persons Named Delegates to Attend Model U.N. Confab

Ten students were chosen yesterday to represent San Jose State at the ninth annual Model United Nations conference at the University of Southern California in April.

The group, consisting of co-chairmen Stan Stevens and Steve Jarvis, and delegates Carol Bou-thillier, Jim Scopetone, Paul White, Marva Young, Prax Loya, Alfonz Lengyel, Joanne Osman and Marvin Frankel, will represent Yugoslavia at the mock session.

Alternates to the conference are Clifford Sweet and Jadine Jue.

The SJS delegation was appointed yesterday after being interviewed by a faculty-student committee. Dr. George G. Bruntz, history and political science professor, Dr. Raymond W. Stanley, assistant professor of geography and co-chairmen selected representatives.

Delegates met last night in the Student Union to plan their schedule. Prior to their departure on April 22, they will study the economic, political and social problems of Yugoslavia to prepare themselves for the conference in which over 800 students will participate.

## EDITORIAL

## Ready To Be Tucked Away?

The lead paragraphs of half the stories datelined Washington that come over our United Press International teletype say: "President Eisenhower said today . . ." and continue with whatever Ike has for the press that day.

But yesterday, the lead well could have read: "President Eisenhower was angry today . . ." Because he was.

Seems that a few of Ike's congressional critics think they know more about military preparedness than does the veteran general whom this nation twice has seen fit to elect to its highest office.

But Ike caught 'em at their own game yesterday and blasted back in true military style. He challenged critics of his defense policies to have the courage (guts is probably what he actually meant) to ask for higher taxes when they call for larger armed forces.

And then he really waylaid 'em with an "I'll-show-you-who's-boss" ultimatum: "If you give me a larger force than what I call for I'll tuck 'em away somewhere where they won't get in the way."

It's a foregone conclusion that the next world war will not be a hand-to-hand combat affair. Any fool can see that (except some of our congressmen).

But the Senate passed a four-year extension of selective service at about the same time Ike was blasting off.

Draftable Spartans, are you ready to spend your Army career wielding that horrendous instrument of war, the potato peeler?

## At Last... It's Spring

Fifty persons are just about through with what has amounted to a combination headache, worry, cause of sleeplessness, and a lot of enjoyment and satisfaction. Barring death, accident, power failure or other act of Providence, the Spartan Daily Spring Edition will come bounding (not rolling, but bounding) off the press and into your hands at about 10 a.m. tomorrow.

The press run has been increased to 7000, which means you might get one if you're at a stand before 11 a.m. It'll be 12 pages, full of things dealing with that time of year when everybody—well almost everybody—says "to heck with it" and heads for Santa Cruz or some similar haven.

We hope you'll like it.

## Disney Author Speaks Tuesday

Ralph Moody, author of "Riders of the Pony Express" and "Geronimo," will speak next week in the Tuesday Literature Lecture series at 8 p.m. at Montalvo.

Walt Disney is filming Moody's best-known work, "Little Britches"; it has been translated into 24 languages.

Class Activities Committee of Montalvo, headed by Dr. Dorothy Kaucher, SJS professor emeritus of speech, co-sponsors the series. It is carried on as part of the will of the late Sen. James Phelan, which provided for the encouragement of literature.

Proceeds go toward improving Montalvo, located one mile from Saratoga, off Saratogo-Los Gatos Road.

His neighbors at the Royal Free Hospital last week were a postman who had tripped and hit his head on a mail box and a fireman who had burned his nose lighting a cigaret.

## LITTLE MAN ON CAMPUS

"HE'S THE MOST EVEN TEMPERED MEMBER OF THE WHOLE FACULTY — HE'S ALWAYS IN A BAD MOOD."

## Racial Slaughter

EDITOR: Nothing we say at this point can comfort the sorrowing families of the Negro school-boys who were slaughtered at Little Rock. Very possibly, here was arson, a murderous fire, set by some stark mad bigot determined to bring a showdown.

If not, if accidental, then surely these helpless boys were victims of savage contempt for human life equal to that of Hitler.

Here indeed is a crime against nature, a bloody blow at the conscience of everyone who loves liberty and justice for all.

If we do not protest this monstrous "accident," if we do not insist on federal intervention, then by our silence we consent to the formation of the 50th state at the heart of our country—to the creation of an American Buchenwald.

D. C. Smith

EDITOR: Walking into Centennial Hall recently, I was somewhat surprised to find various lobby spaces occupied with what appeared to be brand new candy vending machines.

Do you know, and can you tell me, if any effort has been made by anyone within our school to look into the background of the machines I have mentioned?

I am in no way accusing the distributors of these machines of being members of a national crime ring, nonetheless, I, for one, would like reasonable assurance that these particular machines are in

no way connected with those individuals whose greatest joy in life comes from standing on the Fifth Amendment.

## Nachman Roasted

EDITOR: At least once a semester, the Spartan Daily finds it its duty to expound on the amorphous subject of student apathy. Previously I have been able to excuse these editorials as the natural result of one-sidedness.

Now, however, I feel I must point out an error of comprehension that was present in Nachman's recent editorial as well as the majority of editorials on student apathy.

Nachman soundly censures the SJS student body on five major points. They are soundly put, but they are not valid for a large number of college students.

To begin with, when Mr. Nachman writes that the majority of non-Greeks are on the outside looking in, he is exhibiting a gross incomprehension of college life, for one must ask, "What are the non-Greeks out of and looking in to?"

If, as Mr. Nachman infers, the Greek world is one of social activities, then for the true non-Greek or fraternal individual, there is nothing to look in to. Strange as it seems, there is a large number of people on campus who feel that the value of college is intellectual and that strictly organized social institutions are not compatible with the real aims of a college society.

## Midwest Paper Compares Men With Monkeys

By LOUISE CLOUSE

Librarian-Exchange Editor

"WHY DON'T MONKEYS SEE PSYCHIATRISTS? This is the title of a high school student's story that was printed in the Michigan University Western Herald.

The student explains how monkeys and humans are very similar and that it usually takes a very discriminating college-educated person to tell them apart. The following excerpt from his story shows his reasoning in stating that the human is intrinsically a lower form of ape:

"Do monkeys drink liquor? Do they smoke? Do they have intricate system of psychiatrists? Are male monkeys found flirting with female monkeys in jungle areas of contested reputes?"

"Do some monkeys segregate other monkeys in their public school systems? Do monkeys participate in dirty politics? Do you find Republican monkeys?"

"The answers to all of these questions are 'No, of course not.' This in itself should be enough to prove that monkeys, although similar in appearance to humans, are of a more godly nature than humans, and certainly do not deserve the position they now hold. It furthermore is the duty of all persons of good intentions to liberate the monkeys and strike the foul humans from their exalted position.

"Aside from these differences, though, it is possible that with

help and motherly guidance, the broadminded person can attain the goal of zoo-keeper, and as zoo-keeper, perhaps our liberal-minded young men can reach an even more supreme attainment: that of a pseudo-ape."

HIDING DEEP DOWN in the small print of biology texts everywhere is the following axiom: "As the Vernal Equinox Approaches its Optimum, Frequency of the Homo Sapien's Thoughts in Romantic Fancy Rises in Direct Proportion." In short, this is a barrel of hogwash.

"I'd like to get my hands on the love-struck Pythagorus who thought up that one! For I do NOT carve wiggled hearts in giant oaks with this equation embossed big as life: 'JN plus X' (letting 'X' stand for the rosy-lipped Medusa in my life). This formula simply doesn't hold water in my daily living.

For example, I do not trip nose first over a chair and fall goon-faced down a flight of stairs, Henry Aldrich-style. Nor do I write verses to twinkle-eyed lovelies or stroll hand in hand along the shaded pathways of the cloistered science wing.

As a damp-eared lad in grade school, I DID have more time for the flowers that bloom in the spring tra-la bit, but now—well, I have work to do. There is the cutting of lawns and classes to attend to which should keep my mind from running afire and my eye in its proper orbit.

Spring has gotten its gooey hands on others, not as aware to the dangers as I. There is the litter of bodies strewn carelessly on the campus greenery, their English anthologies functioning as pillows. Or the Archie-Veronica set, those moon-struck, gangly-leg-

ged males who steer their help-mates through the halls like a '52 Chevy.

ALTHOUGH I AM BUSY with annual springtime chores such as cleaning my typewriter ribbon and getting vacation brochures in order, I have seen what is going on about me:

The puffy sleeves and U-necked blouse brigade with painted toes are back. And even their girlish gait has thawed out a bit after its long winter, frozen in black Christmas stockings.

I have tried my darnedest to play the goggle-eyed Romeo; however, too many things interfere:

Number one is that I cannot stand grass stains on my freshly sussed khakis or potato bugs crawling along the pages of my history books. Also, the heat is too intense and I am unable to balance a clipboard on my knees. Besides these rather elementary problems, my arms get grass impressions which are very hard to iron out, giving me a look of having contracted some rare South Sea island disease.

What I like most about spring is its proximity to summer. I am going to get a job in a cannery this summer where I can learn all about people and prune pits.

Cannery work pays very well, I hear, and there I can impress upon people that I have been to college. My masters degree thesis will be called, "Northern California Prune Pits I Have Known."

## Group Hears Book Review

By PETER WALLS

One good way to make money is to write a book about the weird and the unusual, being as factual as you can, giving people a good laugh or a good scare.

Three men have done just that in their book, "When Prophecy Fails," Dr. Donald Johnson's choice of literature at yesterday's book talk in the Cafeteria.

Leon Festinger, Henry W. Riecken and Starley Schacter took the dramatic account of a Mrs. Keach of Chicago who said she had been contacted by outer space beings who told her a gigantic flood would inundate North America Dec. 21, 1956.

The book is a sociological documentary of what becomes of her and her followers when the prophecy fails, taking into account all action before and after the prophecy.

The authors contend that people have tendencies to be consistent in their beliefs. But if something occurs that contradicts this, they rationalize to maintain them.

This rationalization in the face of difference is what the authors call dissonance, and is the main point they emphasize.

Subject of next week's talk will be "The Dharma Bums" by Jack Kerouac, at 12:30 in the Cafeteria, room B.

# The Sports Desk

By Harvey Johnson . . . Sports Editor

SAN FRANCISCO'S GIANTS WILL FINISH NO HIGHER THAN fourth place.

All right, so I'm crazy. Sure I read the papers and definitely believe the locals have a group of potential world beaters. But, as proven in the past, it's the veteran in the game of the horsehide and the underdog that makes or breaks a team's chances for a good season. S.F. Sportswriters were labeling the Giants "a young frisky aggregation busting with the willingness to give their all for 'Ironhorse' Bill Rigney." Rigney himself recently commented on the teams' bright prospects saying he has never seen a team look so good so early.

Could it be that these pre-arrangements were made a little too early. Heavens no . . . The Giants bombed the Cleveland Indians on their initial start with five round-uppers piercing the Arizona skies and send the scribes scurrying to their typewriters.

The next day, however, one of the Giant's prized youngsters, Paul Giel, walked in a run in the final inning to give the Indians revenge. Strangely enough the Giants' bats were relatively stifled by N. L. castoff Johnny Briggs of Folsom.

The Red Sox made a mockery of Rigney's crew Tuesday by demolishing them 8-2. Jack Sanford and Johnny Antonelli, counted heavily on to bag at least 30 games for the young pennant contenders this year, were shelved for seven runs in the first six innings and without the aid of the Red Sox front-liners including Ted Williams.

MY JUDGEMENT TOO EARLY IN THE YEAR? Spring training proves nothing? Exactly my point! Anytime one can predict a pennant for a club before the season begins he has to rely on more than just a crystal ball (eliminating the Braves and Yankees of course). My judgement along with everybody's judgement of the Giant aggregation is purely a matter of opinion.

If the Bay writers would use less glittering comments and enlighten the people to just what the Giants are up against it would instill a more winning incentive in the players' than it is to have them go around with a swelled head knowing they have the flag already cinched and fall flat on their face later.

I cannot see how the Giants can possibly be rated over the Milwaukee outfit and surely Pittsburgh is stronger than last year. St. Louis and Cincinnati along with the Dodgers could run the Friscans right down to the wire for runner-up laurels.

Sure, the Giants have potential but can you ever remember a bunch of youngsters winning a pennant for a club in the past? No, the Giants will have to rely on an injured Allan Worthington, an aging Hank Sauer and Whitey Lockman, old pro Ray Jablonski and Willie Mays and Orlando Cepeda who are presently undergoing batting drills. This is what champions are made of.

All right Giants, I've shot off my mouth . . . prove me wrong!

## Carter Bags 29 Counters Against Hall

Led by Darrel Carter's 29 points, the Spartan Trotters coasted to a 58-42 win over Alky Hall in recent intramural action. Ko Abe's eleven tallies aided the Trotters' cause. Doug Coleman meshed 19 points for the losers. Claire Appledeorn (21 points) and Ray Garrison (20 points) paved the way for Gamma Phi Beta as it drubbed the Cherry Pickers 84-60 in one of the highest scoring games of the season. Amundsen tallied 37 points for the Pickers.

In one of the closest battles of the year, 567 Lodge eked out a 43-42 win over 152 Club. Dean Sanders led the winners with 14 counters and Dick Smith poured in 18 points for the losers.

In Greek action, Sigma Phi Epsilon took Sigma Nu 61-41, with three men hitting in the double digits for SPE. Bob Skinner, 14; Tom Voigt, 14; and Ron Riley, 13; were the high scorers.

Delta Upsilon humbled Theta Chi 36-24 as Neil Evans (12) and Jim Holmquist (10) paced the winners' low scoring margin.

Sigma Alpha Epsilon broke into the win column over Phi Sigma Kappa with a 53-47 victory. Leon Donahue was high point man for the winners, with Pat Flaherty leading the PSK attack.

San Jose State will meet University of California at Davis (Cal Aggies) and San Francisco State in Saturday's all-college meet starting at 1:30 at Spartan Stadium.

The Spartans, firmly established as NCAA contenders, will use the meet as a warmup for the big meet against Arizona State, March 20.

The possibility of seeing the debut of the sprint relay team is in doubt at the moment. Neither Cal, or S.F. State have indicated intentions of competing in this event. Nevertheless, there will be plenty of fire-works.

Once again, Ray Norton, Bob Brooks, Bob Poynter and Kent Herkenrath will go postward in the 100-yarder. Relying on a windless day, a new world's record is in prospect if the flying "Rapid-man" gets a good jump off the starting blocks.

Bob Poynter, who finished 9.4 last week, will be right on Norton's heels. Coach Lloyd Bud Winter may do a little experimenting in the mile run. The Coach hinted he may put Jerry Howell in the mile event and possibly someone else in an attempt to plug a definite weak spot in the cinder squad's distance chances.

Surprises Charles McNiff and Carl Maloney will be out to grab the distance runs for the locals. McNiff will try to improve his 48.4 (440) he ripped off against Stanford and Maloney will try to best his 1:53.8 in the 880.

In the field events, MacBurton and Wilton Jones will shoulder responsibility in the broad jump event. "Mac," who has gone 24-11½, finished behind Stanford's Kelly with a 23-9¼, leap which is far below his best.

## Spartan Sports Chico State Battles Spartan Nine Here

Ed Sobczak, SJS baseball mentor, will toss southpaw Larry Williams or righthander Bob Woods against Chico State, when the two clubs battle in Municipal Stadium tomorrow afternoon at 2:30.

Williams, a crafty southpaw, had an ERA of 2.93 in 49 1-3 innings last season. He was particularly effective as a late inning reliever and managed to record two wins against two losses.

Following a league defeat at the hands of Santa Clara Tuesday the Spartans will attempt to capture a winning form against the northerners.

Woods, a junior, has yet to per-

## Fitzgerald Heads Stats With 12.3 Avg.

Final basketball season statistics showed Ned Fitzgerald with a 12.3 average per game to top all the varsity hoopsters.

Fitzgerald scored 297 points in the 24 Spartan games. Guard and co-captain with Fitzgerald, Joe McGrath was next in line with a 9.8 points per game average.

Defensively the Spartans allowed opponents to score an average of 56.3 points per game while retreating with a 49.9 per game average.

The Spartan cagers compiled an unimpressive 5-13 record with a 1-11 record in league play.

## Locals Win Palo Alto Judo Meet

Heavyweight Ben Campbell was named tournament champion for the second year in a row as the San Jose State judo team won the Senior Pacific Amateur Athletic Union championships at Palo Alto recently.

Ken Hatae, 25-year old exchange student from Japan, won the 180 lb. title in his second tournament appearance of the year.

The Henry Stone Memorial trophy presented annually to the outstanding judoist at the tourney was won this year by Tomo Kitura, 150-pounder from the Palo Alto YMCA.

Uchida stated that he was well pleased with the team's performance at the Palo Alto meet and added, "They should do very well in the nationals."

This year the national AAU tournament will be held at the Spartan Gym on April 10 and 11. "San Jose State is very fortunate in being named the site of this years tourney," Uchida said, "and top judoists from throughout the nation will compete."

One of the top entries in the national meet will be the All-Air Force judo team featuring top judoists from Air Force commands throughout the world.

The University of Southern California are the defending champions and will be the team to beat.

Top entry for the Spartans will be their team captain, Ben Campbell who will compete in the 180 pound class.

## Fight Promoter Wants Light Heavy Championship Bout

NEW YORK (UPI)—Promoter Bill Rosensohn began gunning for the Archie Moore-Ray Robinson light heavyweight title fight yesterday, less than 24 hours after locking up the Floyd Patterson-Ingemar Johansson heavyweight championship match for Yankee Stadium, June 23.

"My first step was to make sure that Moore and Robinson haven't been signed by any other promoter," said eager young Bill. "Both assured me by telephone that they're free and ready to negotiate. Now, we can begin to consider terms."

At the same time, slender, dark-haired, 38-year-old Rosensohn bore down on negotiations for the home-TV presentation of his Patterson-Johansson international classic, for which he accepted a \$600,000 gate guarantee Tuesday to keep the fight in New York.

## HOW TO KEEP IN SHAPE

WESTON, Neb. (UPI) Outfielder Bob Cerv of the Kansas City Athletics keeps his arms and shoulders in shape by swinging a 50-ounce bat during the winter at his home here. Cerv uses a 36-ounce bat during the regular baseball season.

## Jayvee Boxers Vie With Fresno Varsity

Coach Julie Menendez will throw his J.V. talent against a newly formed Fresno State boxing team at Fresno Saturday, March 14, at 8 p.m.

Frank Castillo will open for the Spartans with a one win record. In the 173 lb. class favored Garvin Kelly will tangle with Gary Harris in what could prove to be the feature bout.

NCAA champion Archie Milton will box an exhibition bout with former Spartan Carl Christensen. While at San Jose Christensen fought in the J.V. ranks of the boxing squad.

Al Woo, recently defeated by Badger slugger Charles Mohr, is slated for T. J. Owens in the 165 lb. class.

This will be the first fight for most of the Spartan squad although Kelly, Duignan, Woo and Milton will represent the varsity for the locals.

In the 152 and 155 lb. classes Jake Avey and Tony Faria will see action this weekend in an all-

## The Feminine Touch

By JOYCE FLORES  
Woman's Editor

Quite a few members of the Spartan set can be seen at North Beach these days. Many call it the most fascinating place in San Francisco.

To mix successfully with the North Beach "400," if only for an evening, one must dress according to demands of this society. The well-dressed woman will let her hair down literally. An elbow-length straight bob is highly fashionable.

Makeup should be styled to give woman the pale look. To contrast white facial powder, eyebrows should be made up with heavy mascara. The right touch of eyeshadow will give the eyes that fashionable, depressed look.

Speaking of eyes, never forget your sun shades, even if there is no sun. According to dictates of

North Beach society, shades give a look of distinction, especially when worn at night. Don't remove your glasses when moving indoors. They look more distinctive when worn inside.

Somber colors are very stylish in Beatland. They reflect the somber mood so fashionable here. Here, girls, is the place where no one will criticize your long, black stockings. They give the final Bohemian touch to your costume.

One accessory that will add a distinctive note to the woman's ensemble is a book. Be sure to carry a book under your arm, even if you don't understand a single word of the printed matter.

Above all, never wear ivy league clothes to North Beach. You might stand out from the crowd.

Don't cut your hair. The Beau Arts Ball is on April 4. Thinking of a costume?

## Do You Think for Yourself? (TAKE THIS TEST AND FIND OUT!\*)

1. Does it bother you to admit that you haven't read a very popular book? YES ☐ NO ☐

2. Do you think there are degrees of cheating in a game or examination? YES ☐ NO ☐

3. Are there certain foods you feel sure you'd dislike without having ever tried them? YES ☐ NO ☐

4. Would you be seriously concerned to read in your horoscope that catastrophe would befall you tomorrow? YES ☐ NO ☐

5. Do you often fall short of cash several days before your pay or allowance is scheduled to come through? YES ☐ NO ☐

6. When you're driving, do you like to be first getting away from a stop light about to change? YES ☐ NO ☐

7. Would you be reluctant to learn a new sport in the presence of friends who were experts? YES ☐ NO ☐

8. Have you found it to be personally true that "a man's best friend is his dog"? YES ☐ NO ☐

9. Do you believe your choice of a filter cigarette should be based on hearsay? YES ☐ NO ☐

If you're the kind of person who thinks for yourself, then choosing a cigarette will be based on a careful study of the facts—not on quick decisions.

Men and women who think for themselves usually smoke VICEROY. Their good judgment tells them there's only one cigarette with a thinking man's filter and a smoking man's taste. And that cigarette is VICEROY.

\*If you've answered "NO" to eight out of the nine questions above, you really think for yourself!
